

BLUE CORRIDOR

*Feature colour can also be used below dado, as a lower wall accent.

Colours printed by AkzoNobel have been reproduced as accurately as the printing process will allow. Where paint colours are reproduced electronically, we have reproduced the colours as accurately as electronic media will allow. However, when colours are viewed on-screen, laminated, or printed by others, the colour representation may vary significantly and AkzoNobel can offer no guarantee as to its accuracy. Unfortunately we cannot guarantee an exact colour match, and the colours contained on this guide should not be relied on as such. Please ensure that you use a colour chip or test a small amount of mixed product on the actual surface to be painted before undertaking your decoration. This will give you a stronger indication of the appearance of the actual colour, which can be affected by the substrate and the texture of the surface, or by soft furnishings and the shape, size and lighting of the room.
